					ENG4U3	14	207	Berenstein	2					

Please check for any conflicts and report them to Ms. Celseti immediately.

**EXAM PROCEDURES:**

- Please check your schedule carefully and record the date, time and room number for all of your exams. IF YOU MISS AN EXAM, YOU WILL RECEIVE A MARK OF "0".**
- Students who miss an exam, due to illness, will receive a mark of "0" unless the student writes an alternative exam, on an alternative date. This will be determined by administration.**
- If you are sick and unable to write an examination:**
  - Phone the school (416) 395-3330 (press 1)
  - Obtain a Missed Evaluation Procedures Form from the Main Office.
  - Complete all necessary documentation.
  - Give the above form(s) to Mr. Dallin or Ms. Celseti within two school days.
- Academic dishonesty, normally called "cheating", occurs when there is an attempt to gain or provide an advantage from the work of someone else. Those involved in academic dishonesty – including helping someone cheat – can expect serious academic consequences. All students involved in cheating will receive a mark of "0" for the full work in which cheating occurred, no matter what their role.**

This policy will apply regardless of when cheating is discovered, whether before, during or after the evaluation opportunity occurs.

**EXAM PROCEDURES**

- Plan to arrive at the school at least 15 minutes before the examination begins. **No extra time will be given to students who arrive late.** For students who are granted time and half, extra time will still be calculated from the scheduled exam start time. Students who are more than 30 minutes late for an exam must sign in at the main office before going to the examination room.
- Bring your textbook and all required supplies** (pens, pencils, rules calculators, etc.) as allowed by your teacher to the examination room. There will be no sharing of materials. No food is allowed in the exam room. Clear water bottles with no labels are permitted. No bags, hats, coats, pencil cases or electronic devices (excluding approved calculators) will be permitted in the exam room.
- Please do not talk after you enter the room.** Do not touch the materials on your desk or table until instructed to do so by the presiding teacher.
- Students may leave the examination room at the end of one hour or at the end of the examination time.
- Before writing the exam, check the number of pages of the exam to ensure that none of the pages are missing. Also, check to see if the exam is to be written on foolscap or on the paper itself or on a scantron sheet.
- At the conclusion of the exam, number each page of foolscap and put them in numerical order and ensure that scantron sheets are completed correctly (if applicable). Make certain that your name is on each page. **When the end of the exam is announced, you must stop writing IMMEDIATELY.** Remain seated without talking until all exams have been handed in and you are dismissed by the presiding teacher.

There are no regular classes during the examination period.

**Classes resume on Friday February 3, 2012** when students will get their exams back and meet their semester 2 teachers.
